The newsletter has a circulation of about 19,000 and aims to keep the pensioners informed of pension developments and other items of interest, and to provide a forum for their concerns and views.

PARTICIPATION

As of March 31, 1985, there were 454 local authorities participating in the plan. This was 10 more than the number of local authorities participating at March 31, 1984.

The number of contributors at March 31, 1985 was 74,402 which was 1.57 per cent higher than the number of contributors (73,254) at March 31, 1984.

CONTRIBUTIONS AND PAYMENTS

Employee and employer contributions received during the year amounted to $160,971,546.52 and were 3.2 per cent higher than the contributions ($155,946,737.02) received in 1983-84.

Total payments from the plan increased from $67,234,137.70 in 1983-84 to $81,738,717.88 in 1984-85, up 21.6 per cent.

Excess of receipts over payments decreased by approximately 10.7 per cent, from $88,731,643.67 in 1983-84 to $79,245,236.58 in 1984-85.

REFUNDS OF EMPLOYEE CONTRIBUTIONS

Employee contributions and interest totalling $11,945,605.03 were refunded during the year to employees terminating their service. This reflected an increase of 48 per cent over the refunds ($8,064,745.48) made in 1983-84.

Excess contributions amounting to $386,113.37 were refunded to the employees and employers concerned during the year.

RETIREMENTS AND PENSIONS

As of March 31, 1985, there were 9,149 pensions in payment to retired employees and surviving spouses and other beneficiaries of deceased employees and pensioners. Of these, 4,013 pensions were co-ordinated with the Canada Pension Plan and/or the Old Age Security benefits.

Total pension payments for the year totalled $68,484,848.51, reflecting an increase of about 17.8 per cent (including the January 1, 1985 cost-of-living adjustment of 2.5 per cent) over pension payments of $58,137,747.37 in 1983-84.

One thousand and fifty-five current employees or former employees who had left their contributions on deposit with a right to a deferred pension, were granted pensions during 1984-85. Of these, 328 employees (31 per cent) retired at the Normal retirement age of 65. Three hundred and thirty-four employees (32 per cent) retired before age 65 on an unreduced pension under the "85" Rule while 205 employees (19 per cent) retired before age 65 on pensions reduced actuarially according to their age and length of pensionable service. Seventy-five employees (7 per cent) retired on grounds of total or partial physical or mental disability. The remaining 113 employees (11 per cent) had terminated their employment in previous years and opted to have their deferred pensions commenced during the year.

One hundred and seventy-two retiring employees (16 per cent) opted for Normal Pensions, guaranteed term 5 years. One hundred sixteen retiring employees (11 per cent) took Single Life pensions, without any guaranteed term. Six hundred and sixty-one retiring employees (63 per cent) selected pensions guaranteed for terms of 10, 15 or 20 years. One hundred and six retiring employees (10 per cent) chose Joint Life pensions.

Single Life pensions are payable for the life of the pensioner while the guaranteed term pensions are payable for the life of the pensioner or the guaranteed period whichever is longer. Joint Life pensions are payable until both the pensioner and the nominee are deceased.

One hundred and fourteen employees died during the year while in service. The surviving spouses of 64 employees were granted Spousal Pensions and the beneficiaries of 50 employees were granted lump sum payments. Twenty-five of the Spousal Pensions (39 per cent) were co-ordinated with the Old Age Security pension. Spousal Pensions may not be co-ordinated with the Canada Pension Plan, as the spouse is eligible to receive the survivor benefits directly from the Canada Pension Plan.

Two hundred and seventy retired employees died during the year. Nineteen pensions were transferred to the nominees of Joint Life pensions while 76 pensions were transferred to the beneficiaries to complete the guaranteed term. Commuted value of 14 pensions was paid out to the pensioners' beneficiaries. One hundred and sixty-one pensions expired.

The average age of the employees retiring under the plan during the year was 61.44 years, down slightly from 61.53 years in 1983-84.
